

EMERGENCY & URGENT

20.05.2021

To,
All Our Funding & Supporting Partners,

Dear All,

At the outset accept our benevolent greetings from all beneficiaries.

As you all aware of the present Public Health Emergency due to second wave of Covid-19 in India and we are living in more than abnormal situation and circumstances engulfed with death, despair, chaos, confusion, pain, infection, unpeace, unhappiness surroundings on us. This devastation has affected all our life and living in every aspect mentally, physically, financially, phycological, spiritually so on. The invisible virus has shown us the vulnerability of human race and society atleast under present condition in India with hoping against the hope for vaccination at the earliest as ultimate measure to mitigate and resilience.

We may lack resilience but living for self and others is the dire necessity of the hour. We need to rise above the Darwin's theory of "*Survival of Fittest*" to "*Survive for All & with All*" to win both virus and situation.

That, during the first wave of Covid-19 last year with all your support, we could able to help our beneficiaries and also other effected people with supply of food ration, medicine, mask, sanitizer etc. under "*Emergency Relief and Response Covid-19 Programme*". However, this time the need and requirements are different.

As Government of India also acknowledge this different need and through their letter no. DO.No.M-11011/8/2020-SJE dated 01.05.2021 seeking our intervention and partnership in coordination with local administration to complement and reduce the intense pressure on existing public health system and support people with this different need at such critical time. As we have around 200 staff members and more than 2000 beneficiaries from our different projects, hence, in addition of your ongoing help to our beneficiaries, it becomes necessary to have our intervention and assistance among our beneficiaries on priority basis for this different need and subsequently we can explore our help and assistance to others based on most case-to-case emergency basis. Attaching herewith the letter for perusal and reference.

(2)

At present in order to mitigate, minimize and protect we need vaccine on urgent and immediate basis. Due to shortage, scarcity, huge population and time gap of vaccination, we are bound to see the infection uprising anytime in future too. So, we seek your urgent help and support for the following immediate need on chronological basis. Further, Government of India has totally exempted these items from customs duty and any taxes till further notice and the consignment will arrive on most emergency and priority basis.

1. Covid -19 Vaccine.
2. Remdesivir injection.
3. Oxygen Concentration Machine, any Oxygen Therapy related equipment and device from which oxygen can be generated.
4. Ventilators, including ventilator with compressors, all accessories and tubing.
5. PPT Kit for seeing after infected people in isolation centers.

Note: *The consignment must be addressed on the following registered address of the organization mentioning / marking “Covid-19 Medical and Materials details”.*

Your any enquiry and clarification for these supports will be addressed with most emergency basis and apart from email/messages communication, we shall be obliged to let you have any further information in this regard in any form. Also, for any additional financial assistance we have now the option of online donation through our these two domains : (www.trinityfoundation.uk) and (www.trinityfoundation.in)

Thanking you with stay safe and stay healthy!

For & on behalf of
Trinity Foundation and its Projects.

DO No. M-11011/8/2020-SJE

Dear Trinity Foundation,

The latest surge in Covid-19 is a cause of deep concern and has to be dealt through active community participation.

2.NITI Aayog greatly appreciates your timely intervention and partnership with State and District administration in combating the surge of covid cases across the Country during the first wave. However, during the second wave, cases are rising significantly. The requirements of this phase are very much different from the requirements of the first Phase . The sudden rise in the cases are putting intense pressure on existing infrastructure and resources especially medical facilities, shortage of medical professionals, para medical staff, oxygen, medicines etc. which needs to be augmented on war footing basis by concerted efforts of all of us.

3. I request all of you to work closely with State and District Administrations by mobilizing the supply of oxygen and related equipments, creating medically supervised quarantine at community centres and home care services, providing of psycho-social support to covid patients and their family members, deputing volunteers with State and District administrations to deliver medical services to the people, providing ambulance services,operation of call centres , enrolling of needy people for vaccination on Cowin platform and facilitating them at vaccination centres.

4.I thank once again for your whole hearted partnership in this nation building efforts. I am sure that with your support we can overcome this critical time and ensure that suffering on account of the pandemic in minimised.

5. I also request you to email various initiatives / actions taken by you during the pandemic period to mraju.sb@gov.in or ngo@india.gov.in, We will be extremely happy to highlight your contribution towards society during the pandemic .

With Regards,

Yours sincerely,

(Amitabh Kant)
